Cairo, Illinois 62914

Jan 10, 1970

Dear Dr. Berry,

Some time ago I mailed you an article from our local paper concerning your visit here. News releases were also sent to the St. Louis Globe Democrat and the Chicago Defender. However our prevailing boycott keeps us from receiving the Globe from the news stand and the Defender is not handled by any one in the city. So I do not know whether they <sup>were</sup> published or not.

It was Christmas time and the E. St. Louis Monitor did not get around to it as early as we had hoped.

The contribution were gratefully received. It might interest you to know that a woman with two twin girls about two years old called last week to say how much good the cough medicine had done for them ( She did not belong to Ward Chapel. She is a Baptist)

May I take this occasion to thank you personally for your assistance in our community. To me it is "Christianity in Action"

Yours very truly,

*Hattie B. Kendrick*
