Dear Sidney:

I received your recent letter.

Dr. Marvin Pollard says that my sponsor should write him requesting an application for the A.G.A. If you will do that and mail it to me, I will put in the necessary data.

I will not attend the May meeting in Atlantic City, but I may see you this summer in California.

Hoping we may get this through before the A.G.A. meeting in May.

Sincerely yours,

Leonidas H. Berry, M.D.
