

The National Library of Medicine, in cooperation with the National Museum of American History, is pleased to present our latest traveling exhibition, ***Pick Your Poison: Intoxicating Pleasures and Medical Prescriptions***

### **Exhibition Requirements**

The exhibit consists of six free-standing graphic panels and is transported in two plastic wheeled graphics tubes.

- 1) 500 square feet of floor space (minimum)
- 2) 2 people for unpacking and set-up
- 3) Safe, secure, indoor storage for exhibition travel containers - two plastic tubes with wheels - 46" H x 24" diameter each
- 4) Avoid display of the exhibit in an area with direct sunlight.
- 5) Please use latex gloves when installing the exhibition and be sure that your hands are clean when handling the panels without gloves.
- 6) Please complete the *Traveling Exhibition Host Survey* within three weeks of the closing of the exhibition and return to the National Library of Medicine, Exhibition Registrar.
- 7) Please provide the National Library of Medicine with copies of any publicity, advertising, or supplemental materials that are produced for the exhibition.
- 8) If possible, please provide digital images of your installation.

### **Exhibition Credit**

The following exhibition credit should appear in any materials and publicity produced in association with the exhibition:

**This exhibition was developed and produced by the National Library of Medicine, National Institutes of Health and the National Museum of American History.**

### **What You Will Receive**

- 1) Two plastic graphics tubes each containing three cloth cylinders and three cloth bags.
- 2) Each cloth bag contains one metal base and one telescoping rod. This makes up the panel structure.
- 3) Each cloth cylinder contains one rolled graphic panel.
- 4) The exhibition does not come with lighting.

### **What To Expect**

- 1) Each plastic graphics tube has wheels to make it easier to transport to your exhibit space.
- 2) You should expect to spend about one to two hours setting up the exhibit from unpacking to complete installation. Please use the installation guide that is provided.
- 3) You should have at least two people for set-up.
- 4) You should be prepared to weigh down the bases to increase stability of the panels, if necessary.
