NNLM and the NLM Strategic Plan

Accelerate discovery & advance health through data-driven research

Reach more people in more ways through enhanced dissemination & engagement

Build a workforce for data-driven research & health

NNLM Mission and Goals

Mission - "...health professionals with equal access to biomedical information and <u>improving the public's access to information to enable them to make informed decisions about their health</u>."

Goals - "NNLM's main goals are to work through libraries and other members to support a highly trained workforce for biomedical and health <u>information resources and data</u>, improve <u>health literacy</u>, and increase <u>health equity through information</u>. Through meaningful engagement strategies the NNLM increases <u>health information access</u> and use for all audiences, including underrepresented populations."
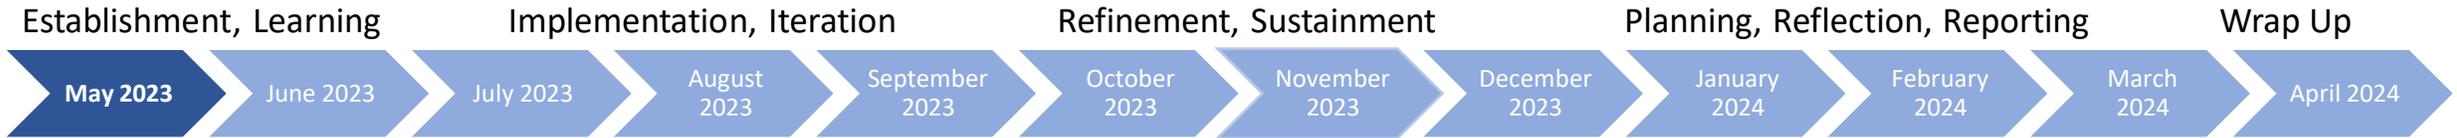

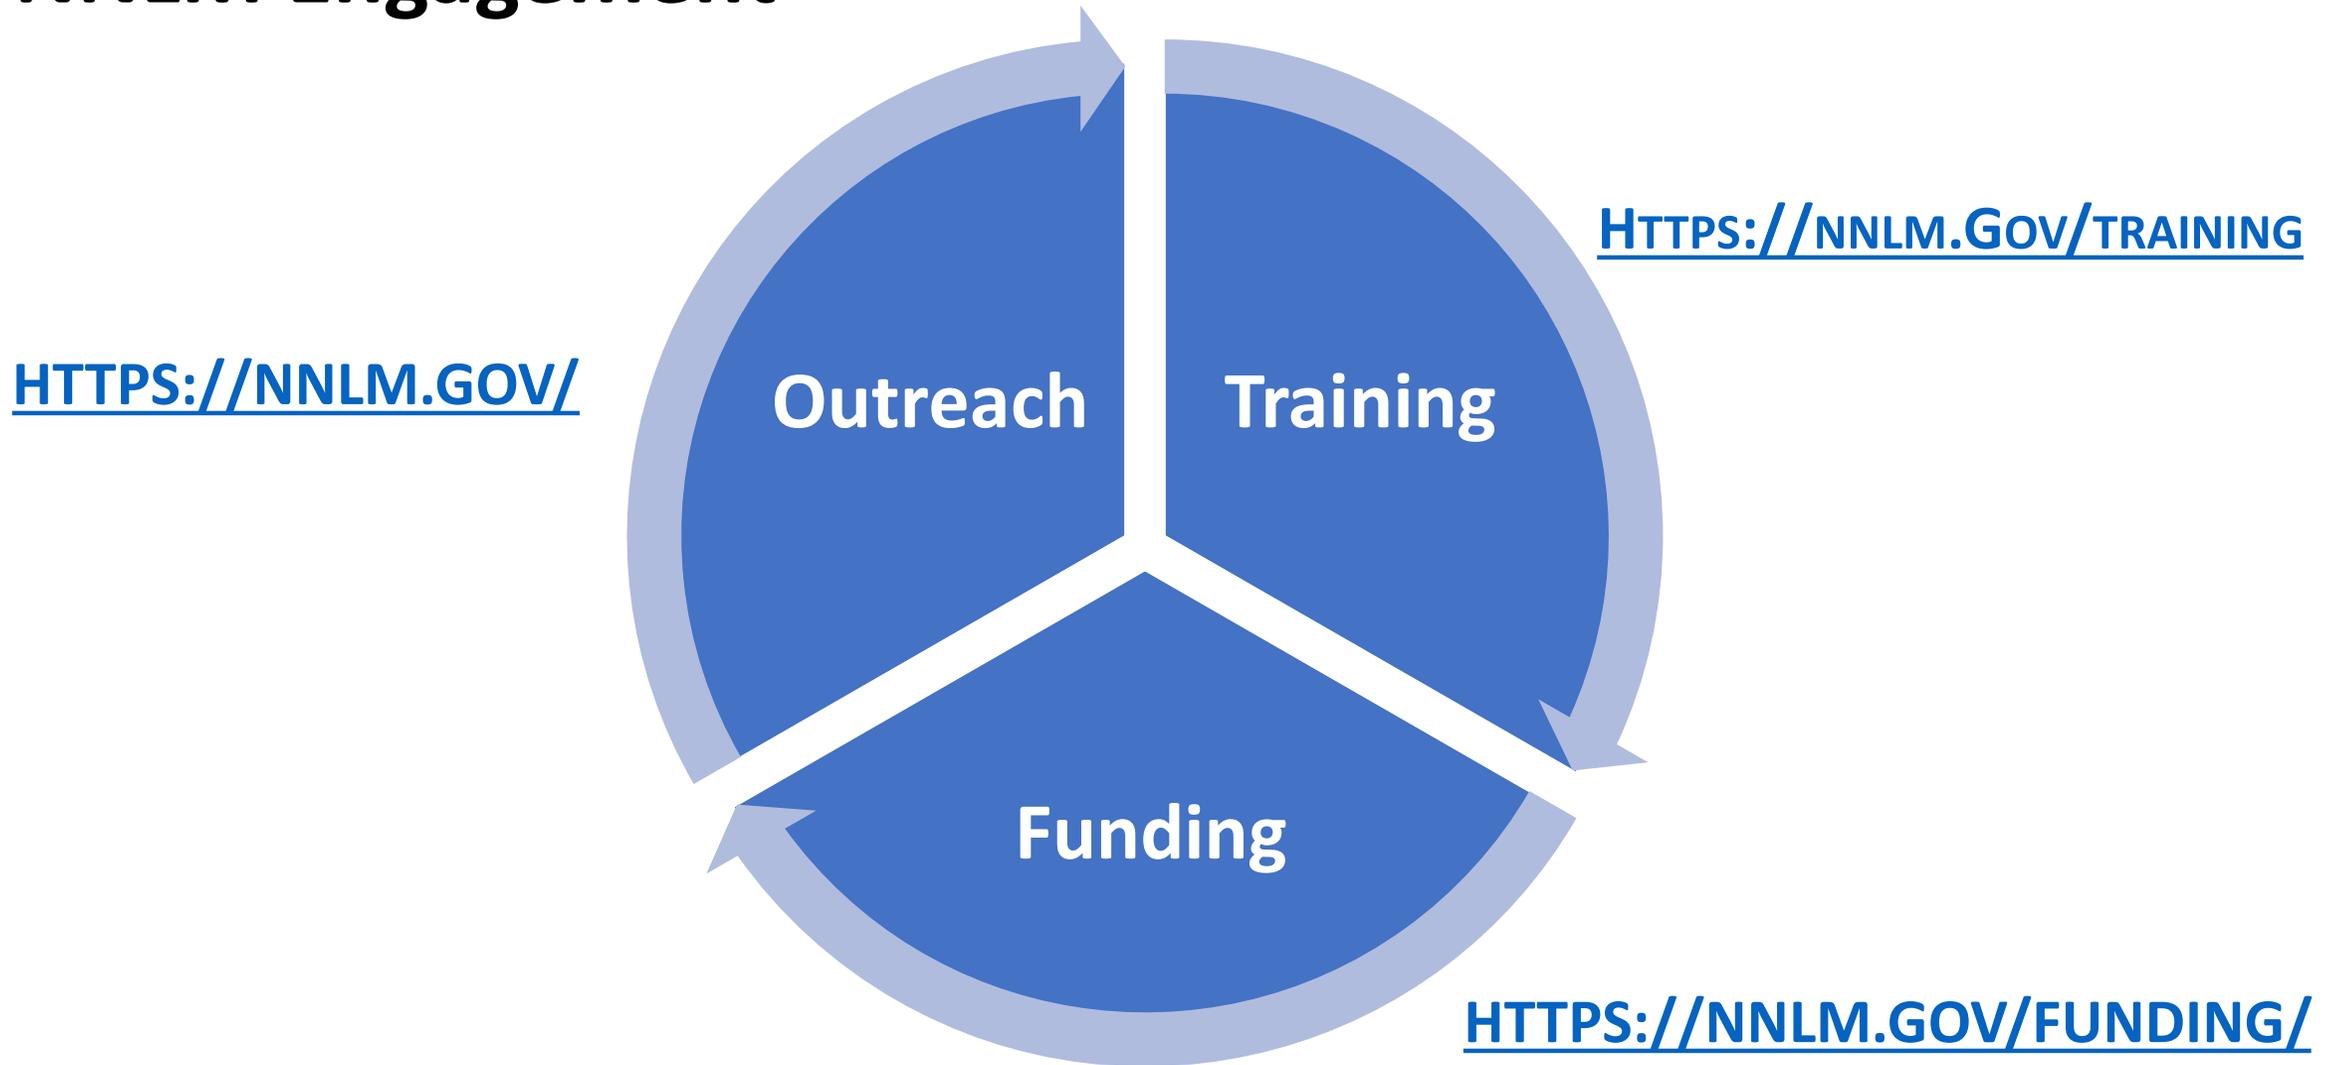

Information resources and data
Improve health literacy
Increase health equity through information
Increase health information access and use

NNLM Timeline

Establishment, Learning | Implementation, Iteration | Refinement, Sustainment | Planning, Reflection, Reporting | Wrap Up

| May 2023 | June 2023 | July 2023 | August 2023 | September 2023 | October 2023 | November 2023 | December 2023 | January 2024 | February 2024 | March 2024 | April 2024 |

Refinement, Sustainment

| Year 1 2021-2022 | Year 2 2022-2023 | Year 3 2023-2024 | Year 4 2024-2025 | Year 5 2025-2026 |

| 2016-2021 | 2021-2026 | 2026-2031 |

How would you answer Margot's question?

What is a Medical Librarian?

P.S. You don't need to be a medical librarian to answer this question!

Traveling Exhibitions

- Partnership between NNLM and the History of Medicine Division at NLM
- Exhibitions about people, science & medicine, and history to raise awareness of NLM's resources and collections.
- Light roll-up graphic banners that are easy to install and display.
- 25 unique titles + 3 English/Spanish bilingual exhibitions.

So far, 428 bookings at 282 institutions located in 184 cities in 46 US states and 3 cities in Canada.

National Library of Medicine

NNLM Other (but not all)

- Foundations of Citizen Science course, a free online training module designed specifically for librarians, downloaded over 11,000 times between 2019 and 2022.

- Partnership with SciStarter produced citizen science activity kits for Spanish speaking and Native American communities.

- "Medical Libraries and Trans Health Education" training addressed health disparities and trans populations.

- The Diverse Voices Toolkit, including bibliographies of titles purchased through the Collection Equity Award in Region 5, was released. The toolkit has been downloaded 1114 unique times (Sept. 2022 – Feb. 2023)

- Moby Bookmobile continued outreach to the Wind River Indian Reservation community by distributing culturally relevant health focused books to the Arapaho's Indian Health Service (IHS) clinic.
